
PM1

Universal Projector Mount (three mounting points)

PM1 is an universal, height adjustable projector ceiling mount with three mounting points. Its design provides ultimate flexibility and optimal positioning of your projector for maximum comfort.

It can take up to projectors with a maximum distance between the mounting points of 500mm and a minimum distance between the mounting points of 40mm.

It provides flexible adjustment with a maximum distance to the ceiling of 640mm and a minimum distance of 390mm.

Therefore, PM1 is the best solutions for applications like:

- Classrooms
- Conference rooms
- Public Utility places

A cardan joint provides flexible possibilities to adjust the projector optimal to the screen.
